To the DPW Director

I am as tired of writing to you as you are of hearing from me. The recycling people, the ones who pick up the blue buckets, routinely miss my house. I have the stuff out there on the curb every collection day by 8 a.m. I live on a corner. Granted there are cars parked, but what happens is that the truck just swings around the corner and immediately proceeds to the second house, failing to stop at mine. I even pushed the stuff closer to the curb today, hoping they would pick it up. I don't know whether it is the same crew every week. I live on the corner of Putnam Avenue and Pleasant Street. I pay taxes to have my recycling collected. I have a bad back. It is difficult even to get the stuff out there. When it is not collected, I just feel enraged. I have written to you at least three times before. Could you please remedy this situation?
Thank you.

Sincerely
